

Visitor from Southwest

Kern Tips, right, the voice associated with Southwest Conference football, visited the new Buffalo Stadium last week and was given a grand tour by WT Athletic Director Frank Kimbrough, back to camera. Tips has been broadcasting Southwest Conference games for a quarter of a century.

Enter Chamber's Cleanup Week Contest Before May 1 Deadline

Don't miss this chance to change your efforts into hard cash! Prizes of \$50, \$25 and \$15 are being offered by the Canyon Chamber of Commerce for the house and grounds showing the most improvement before and after the annual Cleanup Campaign.

The deadline for entries in the contest is May 1—Friday. Entry blanks must be turned in at the Chamber of Commerce office by Friday, so judges will have time to inspect each entry before Cleanup Week begins. Entries may be

made on the blank printed here.

The judges will inspect again after Cleanup Week and will award the prizes to the homes showing the most improvement. Cleanup Week begins May 10, and a full schedule of activities has been planned for the week.

Next week's Canyon News will feature Cleanup Week, with full information about activities and advertisements.

Mike Morris is chairman of the chamber's Cleanup Committee.

Home Beauty Contest

This constitutes your entry in the Canyon Chamber of Commerce Home Beauty Contest. Entry blanks must be in the chamber office by May 1. Judges will inspect your yard before May 10, and again after Clean Up Week, and prizes will be awarded on the basis of the most improvement.

Grand Jury Gives Three Indictments; Court Receives Seven Guilty Pleas

The April term grand jury returned three indictments after it was sworn in Monday morning. All three of those indicted pleaded guilty in 47th District Court later in the day.

Those indicted were Donald Ray Branham, 28, of Amarillo, and Lloyd Douglas Bogle, 36, of Amarillo, on charges of attempted burglary March 11 of a coin-operated machine. They received two year sentences in the prison after pleading guilty.

Joe Durwood Baker, 40, of Irving, Texas, was indicted for wife abandonment and pleaded guilty to the charge. He received a sentence of five years adult probation.

Four other pleas of guilty were received by the court.

Rudy Joe Spencer, 18, of Amarillo, pleaded guilty to a charge of arson for the burning of a house owned by R. G. Richardson in the Palisades on Jan. 4. Spencer was given a sentence of five years adult probation. (Con't. on Back Page, Section 1)

College Appoints New Basketball Coach

Two former West Texas State basketball stars have been named to coaching positions at the college—E. Metz LaFollette as head basketball coach and James Scott as freshman coach.

LaFollette, who has been coach at Seminole, will take the place of Borden Price, who resigned following the end of basketball season this year. Scott succeeds Hatcher Brown, who will work in the physical education department full time.

The new coach has had good success in Class AA circles, with 169 wins to 69 defeats in nine seasons at Seminole. During the past five years, his teams have won 130 and lost 27. He won the state championship in 1955.

During the past four seasons, LaFollette's teams have been in the state tournament in Austin. In 1957, his team was state runner-up. He has won five straight District 4-AA basketball championships with a winning streak of 34 games in district competition.

LaFollette will move to Canyon this summer and will teach a basketball course during the second six weeks. He has a three-year contract at the college.

LaFollette was named coach of the North All-Star basketball team for the annual Texas Coaching School in August, but will have to relinquish the honor because of his new job.

A native of McKinney, LaFol-

lette played football, basketball and baseball. He won a basketball scholarship at WT after playing one season at Decatur Baptist Junior College. He played football and basketball here in 1942, 1944 and 1946, with service in the Marine Corps and the Navy dividing his college career. He was graduated in 1948, and was All-Border Conference end in 1946.

He signed a pro-baseball contract with the New York Yankees in 1947 and played for Lufkin in the Lone Star League that season. In 1948-49 he was line coach and head basketball coach at Lockney.

In 1950, LaFollette returned to baseball with the Amarillo Gold

Sox. He compiled a 14-10 pitching record that season. He was sold to Lubbock later in that season.

In the fall of 1950, LaFollette went to Seminole to coach basketball. He became head football coach and athletic director in addition in 1956.

He is married to the former Mary Bourn of Canyon. They have three children, Steve, 16, Katy, 10, and Sherry, 5.

Scott is also a graduate of WT, and played for the Wichita Vickers in the National Industrial Basketball League after his graduation. He was the most valuable player in the Border Conference in 1955, and set the national free throw

percentage record for one season with 92 per cent accuracy that year.

A starter for three years, Scott was captain of the Buffs. He coached at Clovis High School one season, and returned to WT in 1957 as assistant dean of men.

In 1959, Scott joined the staff of Massachusetts Mutual Insurance Company. He will continue to work for the company, taking time off during basketball season to coach.

Scott is married to the former Peggy Bonds of Canyon. They have two children, Mike, 2, and Terry Lynn, 6 months. They live in South Amarillo.

Number 3

School Ups Graduation Needs

Increased graduation requirements and compulsory physical education for all students were adopted by the Canyon Independent School Board Thursday night. The new requirements and classes will go into effect for freshmen entering high school next fall.

The board also accepted the resignation of Oscar Schuette effective in June and hired Gene Murray as choral director and assistant band director beginning next fall. Schuette, the business instructor at the high school, is resigning to accept a position as business instructor at West Texas State College.

The date of May 5 was approved by the board for the annual dinner to honor long-time employees of the school. All teachers and other employees who have had 10 years of service will be given pins at the dinner.

The first honor dinner was held last year. This year's awards will be in the elementary school. Tickets for the dinner will be available from the superintendent's office.

All freshmen who enter the high school next fall and thereafter will need 20 credits for graduation instead of the 17 now required. The new high schoolers will also have to enroll in a course entitled Health and Safety Education. They will have the course each of the four years they are in high school.

The new course will include instruction in health, general safety, the textbook phase of driver education and physical training. It is planned that freshman students

will be able to finish the classroom portion of driver education their first year and will be able to take the driving practice portion later.

Supt. Joe Gibson said the Texas Education Agency is planning to require that all accredited public high schools teach physical education to all students, with excusals going only to students who are actively engaged in supervised competitive athletics. Under the plan adopted by the board, all students in high school will be taking the course at the end of three years.

The increase in credit requirements changes the setup to include the PE course. The requirements for graduation will be 20 credits including four years of English, world history, American history, government, two units of math above general math, two units of science, four years of physical education and electives. Two years of

vocational agriculture or vocational homemaking may be substituted for general science.

To be offered by the school are the following courses:

Speech I and II, Journalism, Spanish I and II, General Math, Algebra II and Plane Geometry, Solid Geometry, Trigonometry, Biology, Physics, Chemistry, Home-making I, II, III and IV, Vocational Agriculture I, II, III and IV, In-

Little League Training Set

Spring training for the Randall County Little League will begin at 5 p.m. Thursday at Buffalo Stadium.

All team members and prospective players must take part in the spring training in order to be eligible for the season's games. All boys interested in Little League ball are urged to be at the stadium.

District Judge Calls Dockets

Criminal and civil cases on the 47th District Court docket in Randall County were called for trial by Judge E. E. Jordan at a docket call Monday morning. Cases set for trial include:

May 4, criminal docket, jury; J. J. Suiter, DWI 2nd offense; Jo Bailey Elliston, DWI 2nd offense; Archibald Jennings Druin, DWI 2nd offense; Ned Harold Coffee, theft.

May 4, civil docket, jury; Frank H. Cooley vs Elzler Crews, damages; B. J. Thurmon vs Floyd J. Thomas, damages; Modena Moor-man vs W. W. Williams, damages; Jessie Clay Cooper vs Hardward Mutual Casualty Co., damages; Robert M. Beverley vs Jaclyn B. Beverley, divorce; H. H. Harvey vs Robert A. Lamm, damages.

May 12, civil docket, non-jury; Jean Stevens vs Don Stevens, divorce; Frances B. Broome vs Edward M. Broome, divorce; Barbara Furbach vs John R. Furbach, divorce; Thornton G. Dewey vs Watkins Brothers, damages.

June 30, civil docket, non-jury; Gladys Marie Kirkpatrick vs Jim A. Kirkpatrick, divorce.

During the week of May 4, when a jury panel has been ordered to report and both civil and criminal cases have been set, the criminal cases will take precedence over civil cases.

Two Short Operas Scheduled by Workshop for May Presentation

Two short operas will be presented by the Opera Workshop at West Texas State College May 7 and 8, marking the ninth anniversary production for the musical group. Chosen by Director Royal Brantley are Gilbert and Sullivan's "Trial by Jury," and Menotti's "The Medium."

Assisting Brantley with direction will be Mr. and Mrs. William A. Moore as stage directors and Robert L. Antrim as technical director. Admission will be \$1.00 for adults and 50 cents for students and children.

"The Medium" has proved to be almost as popular as Menotti's Christmas opera, "Amahl and the Night Visitors." The production was presented recently on NBC television after having enjoyed a long and successful Broadway run.

The story is concerned with a seance faker and her experiences with the spirit world. The opera is set in modern times and is dramatically intense.

Cast for the production includes Marian Forbau of Quanah as

Madame Flora (the medium), Christine McFarlin of Pampa as Monica, her daughter, David O'Keefe of Amarillo as Toby, a young gypsy servant who is mute, Betty Blackman of Amarillo as Mrs. Gobineau, David Whitley of Pampa as Mr. Gobineau, and Betty Lou Overall of Pampa as Mrs. Nolan. The latter three persons are guests at the seance.

"Trial by Jury" is only one of a long list of favorite Gilbert and Sullivan operas such as "The Mikado," "H.M.S. Pinafore," and others.

The WT production, however, is the only true opera of the entire

list, being sung throughout with no spoken dialogue. The farcical trial in the opera is one of a breach of promise suit.

In the cast are Frank Frisbie of Amarillo as the judge, Donnis Plunk of Amarillo as the plaintiff, Angelina, James Jackson of Tulsa as the defendant, Tom Frisbie of Amarillo as counsel for the plaintiff, Larry Jones of Amarillo as the court usher, Kenneth Taylor of Pampa as foreman of the jury.

Other jurymen include Henry Hardaway of Claude, Carl Ward of Dalhart, Gail Peterson of Perryton, Harris Brinson of DeLeon, Tommy Whitten of Amarillo, John Robert Wheelock of Canyon, Noel Maxwell

(Con't. on Back Page, Section 1)

Manager Will Trade Power for Law Degree

Canyon's Mr. Electricity is leaving — not for another post with Southwestern Public Service, but for the University of Texas Law School.

Truett G. Hull Jr. will leave June 1 for a 27-month course and plans to return to Canyon to enter law practice. "This is a fine town. We want to raise our children here, and live here," he said.

Hull and his wife, Lois, have four children, Andy, 8, Chris, 7, Susan, 3, and Jonathan, four months.

He is a native of Amarillo, the son of Amarillo High School's veteran basketball coach. Hull was graduated from Amarillo High School in 1942.

"I had planned to go to high school another year and play football," he said. "But the war came along, and it looked like it might be a good idea to go on to college so I would have that much to come back to."

He enrolled in the University of Texas in September, 1942, and

planned to major in chemical engineering.

"I had an affinity for the law back in my high school days. And I planned to become a lawyer. But about that time there was a shortage of engineers. There was talk about needing engineers, and it filtered down to the high school level.

"And I decided to become an engineer. We looked around a little bit and found out there are different kinds of engineers. I had made a couple of 'A's' in chemistry, so I was going to become a chemical engineer."

In December, 1942, Hull enlisted in the Navy in the V-1 program, a program that included college training, sea duty and officer training. He continued at the University during the rest of the year, and was called to active duty in July, 1943—at the University.

Hull continued study toward a chemical engineering degree through the next fall and spring.

The Navy program was not quite what it seemed that it would be, and many of those in it wanted to switch to other Navy duties.

"There was a rule that you could get out of the program in either of two ways—take a dishonorable discharge or flunk a course. That was in the fall, and about 75 flunked a course. In the spring they changed the rule to flunking two courses.

"At that time, engineering officer candidates had to complete eight semesters and deck officers four. I was in my fourth semester and tried to switch to a deck officer. The commander wouldn't let me and I flunked two courses."

Hull went to the Great Lakes naval base and became a signalman striker. He was assigned duty on a destroyer escort in the North Atlantic and stayed there through the rest of the war. He was discharged in April, 1946, as a signalman, second class. He worked for the city engineer in Amarillo until the fall, and re-enrolled at the University.

"That first semester back I took only 12 hours, the roughest ones. Three chemistry courses and one chemical engineering. I missed all the football games. I didn't do anything but study, and I made four 'C's' I was proud of those grades."

Hull was graduated from the University in January, 1949, with a bachelor of science degree in chemical engineering. He was married in February and went to work for Southwestern Public Service in March. He was division personnel and safety supervisor.

"I was head of the department, a fine job. The department was one man—me!"

Hull was promoted to become manager in Canyon in September, 1952, and has become involved in most phases of life here. He is a member of the Presbyterian Church, the Rotary Club, the Chamber of Commerce, the fire department—you name it, he's in it.

He served as president of the chamber in 1955. He has been Player Agent for the Randall County Little League since its organization. He has been assistant fire chief.

But the things he hasn't done are the things he might like to do the most. "Because of the position of a utility, we are wrapped in an immunity. We can't serve in governmental affairs. We can't ask questions and write letters. That's necessary, but it's not for me."

"There's the affinity for the law. Then there's the immunity of the utility. And there's the idea that I would like to be doing for myself."

Hull said he and his wife have been planning for years to make the move to law school. "We almost did it two years ago, but we didn't have all we needed. Now we have enough to start, and have arranged for later help. Daddy." Hull sums it up: "I was a misguided engineer."

Tail Feathers in the Breeze

Ostriches, with their heads poked into the sand to escape danger, have nothing on the Texas legislature.

The state, as we know, spent more than it took in during the past two years. That deficit has to be made up from revenue during the coming two years.

The legislature and the governor's branch of the state government have proposed the biggest expenditure of money in the history of the state. Anybody outside the federal government knows you have to make some money before you can spend it.

But what has our legislature done?

The house, which must initiate any tax legislation, has fiddled along since the opening of the session in January. The finance committee has heard any number of proposals for raising money to pay off the deficit and for spending the next two years.

Governor Daniel and House Speaker Carr have carried on an incessant battle over the type of new tax that should be enacted. In the wings have been other legislators with other types of taxes—men like Rep. Seeligson with his general sales tax, Reps. Jamison and McGregor with corporate income taxes, and Rep. Anderson with a combination of personal and corporate income taxes with a general sales tax.

Gov. Daniel declares himself against sales taxes and wants to soak the corporation. Speaker Carr declares himself against a general sales tax and wants to enact sales taxes under the name "broad base."

So what has happened.

Neither the governor nor the speaker has been able to muster up enough support to get their programs passed.

Too many of the legislators campaigned on promises of no general sales tax, and they can't support Seeligson. The other plans don't have enough backing, either.

Finally the tax committee put a bill together, a hodge-podge written by a sub-committee and presented to the full committee on short notice. The committee members put their tongues in their cheeks and voted it back to the house. None, apparently, thought the bill had any chance of being passed; but they said they needed a "vehicle" to get tax matters before the house as a whole.

That "vehicle" didn't get passed. Instead, it got amended and slashed and cut and changed until it is estimated that it will not raise enough money to pay off the deficit. It started out with enough different taxes to raise about \$290 million during the two years, but now it's down to somewhere between \$34 million and \$77 million—no one seems to know for sure.

The senate cannot consider any tax bills until the house passes one and sends it over. Then the senate can add, subtract, multiply or divide to its pleasure. Afterwards, conference committee gets together and finally writes the tax bill.

That procedure works out fairly well, if there's enough time. But the state constitution sets a limit of 120 days for the legislature to meet. The legislature can meet longer, but it can't get any pay for days past the limit. And one of the first things passed by the legislators this session, way back in January, was a resolution to adjourn on May 12.

After today, there are 15 days to go in the session. Four of those days are Sat-

urday and Sunday, and the legislature has been recessing on Thursday — that leaves only nine working days in the session.

It's possible during the next nine working days that the house will pass a bill, the senate will pass a bill, and the conference committee will get a final bill written. But if that happens, the individual legislators will not have any time to study the tax bill before voting on it. That's not our idea of good, or even passable, government.

One member of the legislature has aptly described what the biennial session is all about. He said the legislature meets to decide what the state will spend and how to raise the money for the planned expenses. Everything else is "special legislation," and the legislature should tend to its main business first.

What happens if the legislature does not pass a tax bill? It's a cinch the state must have some new tax revenue. The state must make up that deficit. If the new tax revenue is not provided during the regular session, the governor must call a special session. He'll probably call for it to begin on May 13. That session can last only 30 days and only those items submitted by the governor may be considered.

This legislature has had its head buried in the sand and its tail feathers waving in the breeze. Apparently it has been reprimanding the people of the state for voting against the constitutional amendment to provide annual sessions and more pay. It has refused to handle its main business, and has gone far in proving that it is truly a circus.

One thing about ostriches, though. Their tail feathers make good trimming for women's hats.

Distinguished Guest

We're sure to hear an important discussion of a vital question at the Panhandle-Plains Historical Society banquet May 8.

Gen. Albert C. Wedemeyer is slated to speak on "Re-evaluation of Our Foreign Policy in an Atomic Age." This part of the country is fundamentally isolationist, and oftentimes you can find people who think the nation should do away with foreign aid completely.

Gen. Wedemeyer is a member of a citizens committee that has been studying the effects of our foreign aid and our foreign policy, and the committee has suggested that our money is being wasted. The committee has suggested changes in our foreign policy to congressional committees — once at a senate hearing only last week.

The general's book, "Wedemeyer Reports," contain an exhaustive criticism of the United States relationship with other nations, and the person who is interested in the welfare of our nation would do well to read the book then hear Gen. Wedemeyer's speech.

C. Boone McClure said Friday that 60 people had made reservations for the banquet, and the program had been announced for the first time on Wednesday.

Canyon is lucky to have such a distinguished person come here, and we should all do our best to attend the banquet. It's sure to contain information we need to hear.

I GIVE YOU TEXAS By BOYCE HOUSE

IT WOULD BE difficult to exaggerate the hold which the late Pop Boone, sports editor of the Fort Worth Press for many years, had on the sports fans of West Texas. That spell went back to the palmy days of the Fort Worth Cats, when Pop was sports editor of the old Record.

BY THE WAY, the team was originally known as the Panthers — for the Panther City. Was Pop the first to shorten the name to Cats and to coin the phrase "Atz's Cats"?

I WAS EDITING first one and then another paper in the Oil Belt — at Eastland, Ranger and Cisco — and, along with Pop's other followers, read his column avidly. He used to write a lot of amusing things about a pitcher, name of Tiny Goodbred, who worked mainly in relief and in keeping his teammates in a good humor.

POP CALLED HIM "the sheriff of Muleshoe" and was always quoting him—like once when he said that Tiny said it was so dangerous in the pitcher's box that he had just about perfected two inventions. One was a spring that, as soon as the ball left the hurler's hand, would cause a shield to shoot up in front of him and the other was also a spring that, soon as the ball was thrown, would open a trap-door and the pitcher would drop into a pit.

FIRST TIME I ever met Pop was in Abilene in 1924 when Abilene, defending state champions, met (and lost to) the Cisco Lobos. Pop remarked that both teams had the same colors—gold and black, whereupon a smart-aleck young newspaperman said, "Yes—an act of the legislature requires all West Texas teams to have the same colors." Pop didn't get offended; in fact, he quoted my remark in his column.

CISCO THAT SEASON had a mascot, who weighed about 85 pounds and his number was "100." Right near the end of the game, when the Lobos were way ahead, Coach W. B. Chapman might send the tiny fellow in as quarterback for a down or two.

CISCO WAS GOING to meet Oak Cliff in the state semi-finals and the day before the game the mascot chatted with a graying, quiet-spoken chap. Afterward the coach asked, "Well, Jack, what did you think of Pop?" The lad's eyes widened and he gasped, "Was that Pop Boone?" and nearly keeled over when he realized that the man he'd been talking to with such ease was the famous sports writer. That will give you an idea of how friendly and unassuming Pop was.

INCIDENTALLY, THE Lobos lost to Oak Cliff and the next day, Pop published a picture of the mascot with a headline that was a classic: "Oak Cliff broke his little heart."

POP BOONE was a man in whom

What Our Neighbors Say . . .

Scissor Snippings

Ernest Joiner in the Ralls Ban-
ner: If the City of Ralls had it in
mind to scare the pants off the
public Saturday it succeeded be-
yond fondest hope. Probably no
other town in America would have
thought of pulling off a fire and
tornado alert without giving notice
to its residents. By 11 a. m. every
cellar in town was bulging with
security-minded folks, especially
older people. When the newly
installed disaster siren went off
in this testing spree, people either
rushed underground, or blindly
into streets. No information as to
what impending disaster was
approaching could be had. The
practice was staged when the city
offices were closed. The telephone
operators could give out no infor-
mation. This newspaper had car-
ried no notice of a practice alert,
although it had been printed the
day before, and could easily have
carried news of this type had the
city seen fit. To make things even
worse, the weather Saturday was
a "natural" for a tornado signal.
Lubbock's radio and television sta-
tions had already terrorized this

community by announcing storm
warnings for the surrounding area,
then Ralls comes along and com-
pounds the felony by keeping up
a four-hour blasting of the warning
siren. These damnable sirens, plus
the panic reporting of area radio
and television stations, have turned
the period April through August
on the South Plains into a dread
and terrible era by constant and
often irresponsible screaming over
bad weather. These do-gooding
alarmists have caused more panic
than would occur if it were an-
nounced the Russians were at the
city limits. They have caused more
injuries, real and imagined, by
sending people scurrying under-
ground in the wake of constant
three-alarm tornado bulletins than
would have been caused by torna-
does themselves. It would take a
battery of psychiatrists to undo
the work of these devilish devices
among housewives and old folks
who stay home to keep a fearful
ear glued to radio and television.
If the weather here is one-tenth
as bad as it sounds being broad-
cast ten times daily from every

propaganda source, there couldn't
be any plant or animal life left in
all Texas. I hope the city will
announce its plans for a playful
day with the disaster warning sys-
tem next time it feels the sadistic
urge. I'm getting all skinned up
being run over by people stamped-
ing toward their chosen caves.

Jimmie Gillentine in the Here-
ford Brand: Sam Williams, over
Littlefield way, got on the NBC
"Price Is Right" show recently,
and he was telling me that you sign
a two page form before you are
accepted. One of the rules which
disturbed Sam was the one which
required all animals to become
immediate property of the contest-
ant, then and there.

"I don't know what I would have
done if I had won a jackass or a
cow or something alive," declared
Sam. "I had just about decided to
tie it to a lamp post and call the
Society for Prevention of Cruelty
to Animals. One thing for sure,
I knew I wasn't going to take it
back to the hotel and get booted
out."

Chickens Top Plentiful List

Broilers and fryers take the No. 1 spot on U. S. Department of Agriculture's list of plentiful foods for May.

Pork and eggs, featured items in April and March, respectively, still belong on the team. Turkeys,

especially the smaller sizes, also have stepped into the May list for this area.

Edible fats and oils, milk and dairy products, lard, and potatoes are expected to continue plentiful this month.

And with huge harvest of celery now underway, this item also deserves special attention this month.

The monthly list of foods in heavier-than-normal supply is provided by USDA through the southwest food distribution division of the Agricultural Marketing Service, after national and local supplies are determined. Menu planners usually will find it to their advantage to serve plentiful foods more often.

Try to please everybody, and you'll find it very unpleasing.

Washington Report Behind-the-Scenes Fight

By Representative Walter Rogers
18th Congressional District

THERE WAS a behind-the-scenes fight between the three divisions of news sources and information that popped out in the open in connection with the appearance of Fidel Castro before the American Society of Newspaper Editors, which was in convention in Washington. The Newspaper Editors Society had placed a ban on the telecasting of the Castro speech.

RADIO AND TELEVISION people immediately charged the Society of Newspaper Editors with gross inconsistency, claiming that the ban was in direct conflict with the campaign being carried on by the newspapers for free access to the news. This was somewhat embarrassing, because the newspapers have been waging a splendid campaign against the suppression of news and information by many governmental agencies.

IT WAS OBVIOUS that something had to be done, so, according to the newspapers, radio broadcasters were offered an opportunity to air the speech, but none of them wanted to do it by radio; they wanted to do it by television so the American people could see and hear the controversial Prime Minister of our near neighbor, Cuba, in action.

FINALLY, THE NEWSPAPER group agreed to permit the television networks to film the Castro speech for later use.

ONE NEWSPAPER in the Nation's Capital indicated that the whole fight had started when the newspaper editors became upset upon discovering that the television broadcasters did not intend to cover the annual banquet of the Society, at which Vice President Nixon was scheduled to speak. This would seem to indicate that in the eyes of the television networks and the program sponsors, the 32-year-old bearded novice in international politics who catapulted into his present position of power as the result of bloody violence in Cuba, has a much greater box office appeal than the Vice President of the United States.

OF COURSE, THIS should not be so, but it must be, because the boys who sell soap and breakfast food pay little attention to the name of the actor as long as it rings the cash register. The fact is that Castro's box office appeal has no association with his abilities or accomplishments. It is the pure result of the free advertising he has received through the advertising media in the United States, which seems to prove once more that it pays to advertise.

IN ANY EVENT, let us hope that news sources in this country, governmental and otherwise, will not be suppressed, nor will the media of bringing that information to the American public.

John Foster Dulles THE ENTIRE WORLD was saddened last week by the announcement of the resignation of John Foster Dulles, our Secretary of State. Although Mr. Dulles has pursued some foreign policies in many instances with which Americans did not agree, his sincerity of purpose was never doubted by even the most skeptical. His loss to the Administration at this time will prove a heavy blow, but it is not expected that the foreign policy of this country will be changed because he has stepped down.

The Mail Man THE MAIL MAN continues to bring heavy loads of letters complaining about government spending. Many of these are the result of campaigns which are being mounted by numerous organizations, telling the people to write their Congressman and express their views against too much public spending.

WHETHER THE LETTERS are prompted by suggestions on the part of an organization or by the individual thinking on the part of the person who feels that his voice should be heard, I am glad they are coming in. This is supposed to be a government that belongs to the people, and I sincerely hope it will continue to be just that. When it ceases to belong to the people, it will fall.

IN ORDER to keep the record straight, I would again point out,

Have you tried chiropractic? We may have the answer to your health problems.

AMARILLO, TEXAS

Wayside News

Rev. Richard Brewster filled his appointments Sunday.

Mrs. Doris Gillham and Alfred Hamblen of Canyon were callers in the W. R. Franklin home last Sunday evening.

Mary Scroggins of Amarillo spent last weekend with home folks.

Mr. and Mrs. W. R. Stockett have returned home after several weeks in Arizona and California on vacation.

The A. L. Clayton Jr. family moved back to Wayside and are employed by J. O. Parker.

Royce Modisette and Lynn Harvey spent Thursday night in Happy near Marvin Sluder.

Sammie, Vicki and Randy Mayes all have chicken pox.

Those from Wayside attending the Methodist Men's meeting at Kress Thursday night were E. J. Mahler, Ira Schrib, Guy Watson, Rolland Adams and Henry Hamblen.

Mrs. E. J. Mahler was a caller in Frances Duram's beauty shop near Vigo Park Friday afternoon.

Mrs. Jim Littlefield has a beauty shop in Groom.

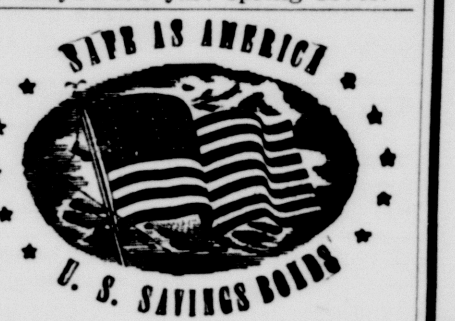

Mrs. A. L. Clayton is working at White's Cafe in Happy.

anyone might have got head-stood on. Still, it does seem unfair to expect an elephant to understand the fine line of ethics between performing headstands for a trainer and on a trainer. We know a lot of two-legged Americans who would find it confusing!

SO WHEN THE spouse beat us to the paper the other morning, he read aloud the glad tidings about Dorothy's rescue by the Tulsa zoo. The tension eased in our kitchen immediately.

"THEY EVEN call her a beautiful animal!" we exulted.

MAYBE DOROTHY is a killer. On the other hand, maybe she's been watching too much television. Or maybe it's just spring fever.

AS A RULE, we leave elephant troubles up to the elephants. Pre-occupied most of the time with ordinary human problems such as aching sinuses, bank overdrafts, and a vanishing waistline, we kinda figure that circus animals get what's coming to them — or any other show-off — when things go wrong.

BUT THE FATE of Dorothy, the veteran circus performer, had us so upset last week we could hardly enjoy our morning coffee. A great galumphing mammal — that hardly had a single break from nature — gets trapped as a calf in faraway India or Asia, and forced into man's idea of a suitable environment. She is taught to do headstands under the bright lights, and this she does patiently for 18 years. Then, by golly, she gets bored with the whole idea, so she performs headstands on the trainer. For this, they say she must die!

WELL, OF COURSE we understand this isn't civilized behavior. What with weighing several tons, elephants win in a showdown. And once Dorothy got this notion, just

Sue Hite Plans Annual Picnic

Plans were made for the club's annual picnic when the Sue Hite Club met Monday in the east room of Panhandle-Plains Historical Museum.

The picnic will be held May 11 at the summer cabin of Dr. and Mrs. R. P. Jarrett.

Mrs. Gene McGlasson Jr. was in charge of the program. She gave a condensation of the book "The Prophet" by Kahlil Gibran.

New members elected were Mrs. Strauss Atkinson and Mrs. Oscar Hinger.

Mrs. Flora Phillips, president-elect, presided in the absence of Mrs. Hud Prichard, president.

Mr. and Mrs. C. V. Lowe spent the weekend in the G. B. Combs home.

In Nero's time the public slaughter house was one of the most imposing structures in Rome.

Student Recital Scheduled Sunday

Piano students of Frances Bright will present a recital Sunday at 2 p. m. in the high school auditorium. The public is invited.

Students playing will be Beverly Brown, Judy and Ricky Wilson, Pat, Beth and Jane Jarrett, Kathy Hufnagle, Alan Demus, Janet Hagard, Pam Sternberg, Mark Olson, Davis and Rebecca Price, Linda Clark, Andrea Lair, Mike Matthis, Jim Cabe.

John Brantley, Jan, Jill, Bill and Kay Jarnagin, Carol Brown, Mary Ann Wheelock, Dorothy Grabbe, Judy Moudy, Helen Sears, Virginia Crouse, Judy Roberts, Dorothy Higdon, Nedra Fanning, Ruth Francis and Suzanne Lemons.

Book Club Hears Alaskan Program

Following the theme of "The World Is Your Neighbor," Mrs. Frances Foster addressed the Junior Woman's Book Club April 18 in the home of Mrs. James M. White.

Mrs. Foster told the club of the Foster family's trip to Alaska the past summer. She showed pictures they had taken and some taken by Mr. and Mrs. Frank R. Phillips during their recent Alaskan trip.

Mrs. Martha Morris told of her experiences while she was a student in Switzerland. She described Swiss customs, living conditions and educational system.

Mrs. Bob Lindsey presided over the business session, in which Mrs. Rena Beth Barnard reported on the district convention held in Borger in early April. The club won five awards at the meeting.

The club voted to spend \$15 for roses for Conner Park.

College Slates Sports Banquet

Louie E. Throgmorton, vice-president and director of public services for Republic National Life Insurance of Dallas, will be the featured speaker at West Texas State's All-Sports Banquet at 7:30 p.m. Thursday in the cafeteria.

Throgmorton, a humorist, is considered one of the top after-dinner speakers in the Southwest.

All athletic teams will be special guests at the affair, which will be formal. Also among the invited will be members of the Athletic Committee and Student Senate.

Among the special awards to athletes will be the President's Award, Kleinschmidt "most valuable" trophies, and the Rotary Club "fighting heart" presentation.

Tickets will be sold to the general public and fans for \$2.50.

4-H Contests Set Saturday at WT

Elimination contests for District 1 4-H Club members will be held Saturday at West Texas State College, with boys and girls from 23 counties competing for area titles.

Sessions will begin at 9 a. m. in the Administration Building auditorium.

The youngsters will be competing as individual and in teams in both junior and senior divisions in dairy food, vegetable, public speaking, electrical, rifle, share the fun, farm and home safety, and vegetable preparation contests.

Counties expected to participate are Armstrong, Carson, Castro, Collingsworth, Hall, Deaf Smith, Dallam, Donley, Gray, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman and Wheeler.

Alaska is the largest peninsula on the North American Continent.

Canyon is really a church-going town. Evidence of that is the shortage of parking spaces for five solid blocks each Sunday morning on Fourth Avenue and on the side streets both ways. Beginning in the 1700 block on Fourth, cars are parked bumper to bumper through the 2100 block. The First Baptist Church is in the 1700 block, the First Methodist is in the 1800 block and the Central Church of Christ in the 2000 block. During church hours, moving traffic is quite light.

Le Mirage Wins TIPA First Place

A first place in the second division was awarded West Texas State College's yearbook, Le Mirage at the annual Texas Intercollegiate Press Association convention.

The yearbook, the 1958 edition, was edited by the former Peggy Lowe, now Mrs. Jack Martin, of Amarillo.

A third place in general column writing was also won by Annette Dugan, editor of The Prairie, WT

Java is one of the most densely populated countries in the world.

newspaper. Miss Dugan is from Canyon and is a junior. She is society editor of The Canyon News.

THE MINIMUM WHEAT loan rate for 1959 for Randall County has been announced at \$1.82 per bushel. This is the rate that will be used until July 1 when the final rate will be announced. Last year the tentative or interim loan rate announced was \$1.79 per bushel. The final rate was increased 4 cents per bushel to \$1.83 on July 1. There is no assurance that the \$1.82 will be increased on July 1. This all depends on parity as of that date. In any case the rate will not be less than \$1.82.

THE RATES REFERRED to above are for farm storage. If stored in a public warehouse the storage must be deducted to obtain the net price to the farmer. This storage usually runs about 12 to 14 cents per bushel.

THE TIME OF year is here when weeds start taking their share of the available moisture. We are especially interested in weed control on new seeded acreage of native grasses. Experience during the last two years has showed that our better grass stands are on acreage where the weeds were controlled early.

IN EVERY CASE where the weeds were sprayed with 2-4-D when the weeds were small, good results were obtained and further weed control was not necessary. In cases where spraying was done after the weeds were larger, results were not so good and further sprayings during the year were necessary. Experts tell us that there are two reasons for this. They are: The weeds are more susceptible to spraying when small; and when weeds have considerable growth they blanket the ground and many of the smaller weeds underneath escape unscathed.

WE HAVE ONLY to look at fields of grass like that on the farms of Tommy Triplett, "Farmer" Brown, Walter Graham, R. B. Elliott, and others to see the results of good weed control.

EXPERIENCE LAST year indicates that spraying does not damage small grass as previously thought.

THERE ARE TWO kinds of 2-4-D. One is Ester and the other is Amine. We recommend that farmers using these sprays consult with John Brazzil, County Agent, for

the proper use and mixtures. Extreme care should always be practiced when using sprays around broad leaved plants.

Between 1947 and 1953 chemicals passed up oil as Texas' leading industry.

The fellow who bids for praise always buys the cheapest kind.

Ask about FAMILY FARES

By VERN SANFORD
Texas Press Association

WITH JUST ABOUT three weeks left in the regular session, legislators will be under much pressure to do many things and do them fast.

EACH DAY THAT passes without agreement on financial matters heightens the possibility of a special session as soon as this one ends. Many measures will be trampled under or pushed aside until '61. But as Speaker Waggoner Carr told the House, the problem of raising some new money "won't go away. It has to be faced."

GIVE LITTLE, take little—Two appropriations bills of varying sizes have been passed by the House and Senate. Differences will be adjusted by a conference committee of members from the two houses.

Both bills call for spending nearly \$2,500,000,000 during the next two years. House bill is slightly larger. It calls for approximately \$333,000,000 from general revenue. Senate would spend only \$307,000,000 in general revenue.

To satisfy both houses, the conference committee will try to reach a compromise between these two figures. However it's worked out, it's already clear that spending will considerably exceed the \$281,000,000 spent from general fund for 1958-59.

ROUGH SLEDDING — Governor Daniel's "abandoned property act" barely squeaked by its first test on the House floor by a 71-69 vote.

Measure would allow the state to take over money and property unclaimed for seven years or more. Estimates of how much it would bring in immediately range from \$20,000,000 to \$50,000,000.

Many bankers fear such a law would cause people to be afraid to put their money in banks and decide to stick it in a sock instead.

Backers of the measure say the banks and other businesses are holding and getting the benefit of property that does not belong to them, should be used to benefit all the people.

CO-OP BILL SHUNTED ASIDE — A bill to allow electric co-ops more "elbow room" has been sent to the Attorney General for an opinion.

Rep. Alonzo Jamison of Denton, sponsor, protested to the House State Affairs Committee that this would kill the bill. This late in the session, delay is usually fatal.

Highly controversial, the bill would allow co-ops to add new customers after the area of their lines is annexed to a city.

ADVERTISING BILL ADVANCED — A state-financed advertising program for Texas moved close to final enactment despite heated opposition from an advertising man in the Senate.

Proposed bill would create the Texas Development Board to supervise tourist advertising by the Highway Department and industry advertising by the Texas Industrial Commission.

Sen. George Parkhouse, an advertising man from Dallas, objected, not to the idea of state advertising, but to the way it would be handled. He declared the suggested \$100,000 appropriation would be wasted.

But the bill gained final approval in the Senate and next-to-final passage in the House.

FIRE-POLICE BILL GAINS — A shorter work week for many city firemen and policemen is near to legislative approval.

Senate has passed the bill finally, and a House committee has recommended passage.

Bill limits firemen's working hours to 72 in cities of 10,000 to 60,000 population, 63 hours in cities of 60,000 to 125,000 and 60 hours for all larger than 125,000. Policemen would work the same hours as other city employees.

City officials have protested the measure would raise local expenses and aggravate an already acute revenue-raising problem.

TEXAS DERBY? Not given much chance of passing, but exciting some interest is a proposal to legalize horse racing and betting in Texas.

Rep. Homer Koliba of Columbus introduced the measure which was sent to a House subcommittee. Thoroughbred horse breeders pointed out that legalized pari-mutuel betting could bring in a lot of tax money.

Opponents, including Dr. W. R.

Honor Rural Life In Churches Sunday

May 3 is Rural Life Sunday. It is the day set aside by rural churches—the fifth Sunday after Easter—to emphasize the spiritual values of rural living.

Secretary of Agriculture Benson has said that Rural Life Sunday provides an opportunity to develop better understanding and working relationships among community institutions—churches, schools, farm organizations, cooperatives, soil conservation districts, agricultural agencies, civic and service clubs and other community groups—for the purpose of enriching rural life.

"Too," added the Secretary, "Rural Life Sunday also offers rural and urban ministers one of the best opportunities for exemplifying the true meaning of Christian Stewardship. It emphasizes the great spiritual values to be found and conserved in the community, the true religious significance of resource conservation, the place of the church in an educational program that will bring to everyone an understanding and appreciation for the farmer and the soil. It points out the place of man in God's world and a host of other interests of a kindred nature."

For many years Texas 4-H club members have participated actively in Rural Life Sunday church services and 1959 will be no exception. They will emphasize the heart—H as an important part of the four-fold development program of 4-H club work. Participation in church services provides them with an additional opportunity for spiritual growth, points out the state 4-H club leaders and serves also as a step toward a major objective—that of training in citizenship.

Across Texas and the nation, 4-H club members will join in the observance of the day and as in past years, they extend an invitation to the public to attend church services with them on May 3.

White, president of Baylor University, charged it would bring on crime, poverty and immorality.

Pari-mutuel betting was outlawed in Texas in the thirties, but proposals to return it came up frequently, always giving rise to lively legislative debate.

SHORT SNORTS—A youth vs. age battle was abandoned when the House failed to give enough votes to a proposed constitutional amendment to raise minimum age for Senators from 26 to 30, House members from 21 to 25. Opponents countered with a measure to set maximum age for legislators at 60.

Guards are needed by the Texas Department of Corrections, according to Director O. B. Ellis. Men interested in permanent employment by the department should contact J. F. Heard, assistant director in charge of business and custody, Box 32, Huntsville.

Some people find it's easier to move than try to live it down.

THE WAY UP

Little tasks, well done, serve as a proving ground for the larger ones to come.

CHARACTER

It's the people who have a great deal to their credit who can always be trusted.

It's impossible for some people to turn over a new leaf because the pages are all gummed up.

Cultivate the habit of looking on the bright side of things.

The New JOHN DEERE 95 COMBINE

The Biggest
Self-Propelled
Ever Built...

16-, or 18-Foot Cut...

You are cordially invited to come in and see the new John Deere 95 Combine—the biggest self-propelled ever built. Here's practical bigness—bigness that pays off in many more acres harvested every day—in more grain or seed saved from every acre.

Behind the big cut of the 95 is a 40-inch

feeder... a 40 x 22 rasp-bar cylinder... 5600 square inches of separating area... 4000 square inches of cleaning area... a big 80 h.p. John Deere Engine... and a 60-bushel grain tank with extensions available to make it a 70-bushel tank.

This is the big combine you've been wanting, so come in and learn all about it.

TOP TV—The Dinah Shore Chevy Show—Sunday—NBC-TV and the Pat Boone Chevy Showroom—weekly on ABC-TV.

In this Kingswood, every window is Safety Plate Glass.

Nicest wagon that ever joined your family!

Chevy's station wagons should really be called family wagons. You can choose from five models, including the four-door nine-passenger Kingswood, with its rear-facing rear seat.

Here's a brisk and breezy wagon that'll take on any chore you name, from a trip to the beach to a journey

home from the lumberyard. There's room, you see, for a whole half-ton of cargo—a space ten feet long, with the rear seat and tailgate down.

These wagons are easy to load, too—you just roll the rear window into the tailgate and flip it down flat. No liftgate to wrestle with.

Chevrolet's so easy to handle it's a natural for the lady of the house. Big, safer brakes, too. Chevy's even

got bigger tires—they come as standard equipment on every one of our wagons. But why not fall in love with a Chevy firsthand—at your Chevrolet dealer's!

The car that's wanted for all its worth!

For a "Spring Sales Spectacular" deal see your local authorized Chevrolet dealer!

Need Reservations for Annual Panhandle-Plains History Banquet

Reservations for the banquet for the annual Panhandle-Plains Historical Society meeting May 8 are being accepted, according to C. Boone McClure, executive secretary of the group.

The banquet, with Gen. Albert C. Wedemeyer as speaker, will be held at 7 p.m. in the West Texas State cafeteria. Gen. Wedemeyer will speak on "Reevaluation of Our International Policy in an Atomic Age."

Tickets for the banquet will cost \$2.50 each, McClure said. The reservations may be made through the Panhandle-Plains Historical Museum.

The annual meeting of the society will start at 2 p.m., when an executive committee meeting will be held. Annual business meeting, when new officers will be elected, will be held at 3 p.m. for members and board of directors members. Frank Shaller of Canadian is president of the society. Officers include E. A. Archambeau of Amarillo, first vice-president, C. P.

Buckler of Pampa, second vice-president, Dr. Hattie M. Anderson of Canyon, recording secretary, and McClure.

Members of the executive committee include, besides the officers, Harold D. Bugbee of Clarendon, James P. Cornette of Canyon, J. Evetts Haley of Canyon, Newton Harrell of Claude, J. Henry Sears of Hereford, and Floyd V. Studer of Amarillo.

Bill George of the Amarillo office of Phillips Petroleum will be master of ceremonies.

of Canyon, Dean Foshee of Shamrock, Harlan Lamkin of Lubbock, David King of Post, Jimmy Dees of Borger.

Bridesmaids include Joy Gray of Canyon, Betsy Callarman of Canyon, and Barbara Mathis of Borger. Lady spectators include Louise Higdon of Canyon, Darla Jean Galoway of Stratford, LaVelda Rose of Tulsa, Peggy Stevens of White Deer, Alice Dietz of Canyon, and Patsy Altmiller of Darrington.

Both operas will be performed both nights in the Education Building auditorium at 8 p.m. They will be fully costumed and staged and accompanied by an orchestra made up of WT students and members of the Amarillo Symphony.

April Grand Jury Sworn in Monday

The April term grand jury was sworn in Monday morning in 47th District Court after additional panel members were called by the sheriff's office.

Five of the original 16-member panel were either absent or claimed exemptions. Those claiming exemptions were Owen Williams of Canyon, fireman; J. W. Mayhall of Amarillo, railroad brakeman; and Thurman Gholston of Amarillo, pharmacist. Those absent were C. A. Cash and Shelby M. Kritser, both of Amarillo.

The extra man called and sworn in was Hosea Foster of Canyon. He was appointed foreman.

Other members of the grand jury are Piner Stevens, W. R. Crow and Jack Taylor, all of Canyon; Stanley Blackburn, B. R. Stevens, R. S. Coon, Ed A. Fancher, Rufus Gaut, Morris McCard, Lewis Nordyke and Frank A. Paul Jr., all of Amarillo. Jury commissioners were Robert B. DeArmand and George W. Hobart, both of Amarillo, and Dr. Jack Walker of Canyon.

Mr. and Mrs. Bruce Gressett visited Thurman Horn, who was accidentally shot last Wednesday, and their daughter, Bobby, in Canadian.

tract.

In answer to a request for paying the 600 and 700 blocks of Seventh Avenue, the board said it would pay for the school's portion if the rest of the property owners in the two blocks did the same. The request came from the property owners.

E. T. Cummings was selected to audit the books, as he has done in previous years. The audit will be submitted to the state instead of the depository report. The state will accept either of the reports.

James Bible and Milton McGehee appeared before the board to request that the Wayside high school students be transferred to the Canyon schools. They said the common district wishes to continue their elementary school, but needs to send high school students away.

They said the nearest school is Happy, but the tuition fee would be too high there. The reason for continuing their elementary school is that they feel it is not good to send small youngsters so far to school. Happy is about 24 miles they said. Other available schools are as far as 35 miles away.

The board agreed that the Wayside students could be transferred here if a way to transfer ADA credit and scholastic payment can be found. The two boards will enter a contract that will be submitted to the state for approval.

Texans paid \$2,153,882,000 in federal taxes in 1954.

The Amazon has the largest volume of any river in the world.

Residents Attend Catholic Meeting

Six Canyon residents attended a meeting of the Plainview Deanery Council of Catholic Women last Wednesday at St. Alice school in Plainview.

Representing St. Ann's Catholic Church were Mrs. John Walton, Mrs. J. R. Stork, Mrs. Joe Frank, Mrs. J. L. Irlbeck, Mrs. J. B. Hickman and the Rev. James Comiskey, pastor.

Mrs. Hickman was chairman of the Workshop on Confraternity of Christian Doctrine, with Father Comiskey serving as moderator. Canyon members of the panel and their subjects were Mrs. Stork, parent educator; Mrs. Frank, teachers; and Mrs. Walton, Fishers.

Father Comiskey also led the delegation in singing "Come Holy Ghost."

Jaycee-Ettes Hold Luncheon Monday

Canyon Jaycee-Ettes held their monthly social Monday in the home of Mrs. Wayne Wirt.

Nine members enjoyed luncheon served by Mrs. Wirt and Mrs. Jerry LaGrone.

Next meeting will be a business meeting May 11.

Flashy and Colorful—Not Gaudy

West Point Style Uniforms Set For Buffalo Band for Next Fall

In response to requests from students, faculty and ex-students, the Buffalo Band of West Texas State will have new uniforms for the fall semester.

Dr. Ted Crager, head of the WT music department and director of bands, said that new uniforms were being designed for the Buffalo Band this fall. The new garb has been completed, with exception of possible minor changes.

The new uniforms will be a West Point style complete with tails and shako, with a white shield across the chest. Colors will be a Yale blue trimmed with the WT colors.

The military style will fit the band's new precision marching and the uniforms are expected to enhance performances. Dr. Crager said that he had tried to design a uniform that "will be flashy and colorful but not gaudy." He plans to order about 130 uniforms to take care of an expected increase in band enrollment.

Students now at WT and high school students planning to join the Buffalo Band during the fall semester are requested to contact Dr. Crager. He will notify members when measurements will be made for the uniforms.

Library Gives Rule Changes

Rule changes and statistics about the circulation of books have been announced by the Randall County Library board.

The library has a total of 11,129 books on the shelves and the total circulation during 1958 was 11,904. There were 144 new readers during the year.

The average circulation of books per month was 929. The board noted that 63 books were donated during 1958.

Rule changes announced include:

No. 6 now reads that fines for overdue books and magazines will be two cents per day for five days, then five cents per day until the total fine reaches the replacement retail value of the book or magazine. The cost for each reminder sent to borrowers is to be paid by the person owing the fine.

Rule No. 7 now reads that non-residents, properly identified, may obtain a book by making a temporary deposit of \$3. The deposit will revert to the library at the end of one year of non-use.

The library board consists of nine members. The members are obtained by one appointment from the city commission, one by the county commissioners court, three elected by the Woman's Book Club, three elected by the Sue Hite Club and the librarian. The county judge and mayor are ex-officio members of the board.

The county and city commission-

Delegates Attend Amarillo Session

Three delegates from Canyon City Rebekah Lodge No. 350 attended the 56th annual session of the Panhandle Association of Odd Fellows and Rebekahs in Amarillo Saturday and Sunday.

Attending were Mrs. Isabelle Dickinson, Mrs. Myrtle Wester and Mrs. Lottie Suggs.

The Borger Rebekah degree team won the trophy. The association will meet in Hereford in 1960.

Any Canyon area resident interested in organizing the Odd Fellows Lodge here is asked to contact Mrs. Lottie Suggs, Mrs. Myrtle Wester or Levi Cole.

Amity Club Meets With Mrs. R. E. Gill

The Amity Club met Friday in the home of Mrs. R. E. Gill.

Each member discussed her problem in growing plants. All exchanged plants and seeds.

Refreshments of chicken salad, angel food cake and coffee or tea were served to Mrs. T. T. Fain, Mrs. Henry Cone, Mrs. R. H. Long, Mrs. R. D. Lowry, Mrs. Pennie Cox, Mrs. W. T. Davis, Mrs. W. I. Wester, Mrs. J. H. Wright, Mrs. W. H. Harden, Mrs. G. B. Combs, Mrs. J. C. Dowd and the hostess.

Next meeting will be May 15 in the home of Mrs. Dowd.

7 Attend State FHA Convention

Seven members of the Canyon chapter of Future Homemakers of America attended the state convention in Dallas Thursday through Saturday.

Attending were Sarah Ragle and Bambi Green, freshmen; Linda Burgess and Peggy Hales, sophomores; Linda Green and Judy Taylor, juniors; and Mayla Atkinson, senior.

The girls were accompanied by their advisors, Mrs. Clara Long and Mrs. Guylene Stover.

Linda Green and Judy Taylor received state degrees. About one per cent of the 4,500 attending received state degrees.

Mayla Atkinson served on the state nominating committee.

Theme for the meeting was "FHA in a Changing World," with emphasis placed on becoming a better citizen, being a stable family member, growing in leadership, understanding Texas culture, recognizing the value of training in homemaking, strengthening spiritual values and improving human relations.

Each of the 10 areas developed a part of each emphasis point through the area's state officers' leadership.

Main speaker was Kenton Harvey of Azle, 1956-57 state president of the Future Farmers of America. He spoke on "Citizenship in a Changing World."

Dr. Travis Shetton, professor of music education at Southern Methodist University, led group singing and recreation.

Meetings started at 9 a. m. in the Music Hall at State Fair Park Grounds, and the afternoon session closed at 4 p. m. The two hour evening session began at 8 o'clock.

The delegates will report on the convention at the May FHA meeting.

Mother-in-Law Sets Supper for Members

The Canyon Mother-in-Law Club will meet May 4 in the Farm Bureau building. A covered dish supper will be served at 7 p. m. to the members and their husbands.

The Palo Duro Mother-in-Law Club has been invited as guests of the Canyon club. All members are urged to attend and invite friends.

WONDER FAX

WHY BULLS SEE RED

A bright waving object, such as red or pink, does excite a bull. Colors tend to have an effect on the nervous system. Green and violet are soothing but yellow and red are exciting.

WARREN'S

Behold the Ant...

• Science tells us that the strongest thing in the world for its size is the common red ant. This marvel of nature can lift 10 times its own weight.

As strong as the red ant may be, it has been proven that the most powerful thing for its size is the little want ad in your local newspaper.

The want ad, which costs only a few cents a day, does a hundred-fold job. This mighty mite of the printed page finds jobs for folks, sells used lawnmowers, rents houses, sells farms, loans money, finds missing persons, locates lost dogs, rents appliances, thanks folks, locates homes for surplus puppies, and performs a hundred and one useful services for the community.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

If our soils are to remain highly productive, a good environment must be provided and maintained. A good environment requires that soil, air and water be in balance. Soil permeability is that quality of the soil that enables it to transmit water and air.

In soils that are not well drained excess water fills the pore spaces and crowds out the air, causing the plants to stop growth or die from lack of air. Deep rooted crops, drying and time are required to rebuild structure once it is destroyed by improper use.

Compact layers within the soil which are caused by plowing to uniform depths will slow down the movement of water and air through the soil. Compacted layers, called hoof pans, can form on rangeland that has been overgrazed.

Just as a plow pan will restrict plant growth on cropland, a hoof pan will curtail the growth of plants on rangeland. A hoof pan

Hinders Bull Gets Pedigree Rating

Palo Duro Gracious Ormsby, a registered Holstein bull owned by Louis G. Hinders, has been rated a Preferred Pedigree Sire—the highest attainable honor in the selective registration program of the Holstein-Friesian Association of America.

The Hinders bull qualified for the rating on the basis of the performance of his ancestors. Designed as a means of electing potentially outstanding young sires, requirements for the pedigree include high standards of type and production on both sides of a bull's pedigree.

will curtail the movement of soil air and moisture, which will further restrict plant growth.

The supervisors of the Randall-Potter Soil Conservation District suggest that you consider range pitting or chiseling to break up that hoof pan.

When the hoof pan is shattered, a better stand of grass can be established. Properly used, a good grass cover will maintain the soil in condition to grow more grass without resorting to further mechanical means to get the rain into the soil.

Baptists Start Marriage Forum

A comprehensive study of problems in modern-day marriage opened last Sunday at the First Baptist Church.

The marriage forum, broken into four separate meetings, is dealing with many phases of family life. Only married couples may attend the meetings, which begin at 6 p. m. Sundays.

"A Christian and his Home Life" was the discussion of the first meeting, and the subject was presented by the Rev. Arthur Brewer.

The next discussion will be "A

Christian and His Sex Life." Dr. David M. Patton of Amarillo will be the speaker. Dr. Patton has conducted several of these discussions at the Amarillo YWCA.

"A Christian and his Money Matters" will be presented by a panel on May 10. Don Standley, Gene McGlasson and Dr. Lee L. Johnson will compose the panel.

"A Christian and His Personality" will be divided into Parent-Child relationship by the Rev. and Mrs. Doyle Ragle, and husband-wife relationship by Dr. and Mrs. James P. Cornette, at the May 17 meeting.

Couples of other churches are invited to attend.

The man who owns the race track earns his daily bread by the sweat of some other fellow's brow.

DPS Deadline Given as May 11

The Department of Public Safety as urged that all young men interested in becoming patrolmen make sure they have an application filed by the deadline of May 11.

Col. Homer Garrison Jr., director, announced that competitive examinations will be given on a statewide basis on May 19, 20 and 21 to fill approximately 75 vacancies in the patrol.

"This is an opportunity for young men between the ages of 21 and 35 to become a part of one of the most respected organizations of its kind in the nation and at the same time to occupy an essential position in our society," the colonel said.

"We are searching for qualified young men who want a life-time career with prestige and security for themselves and their families. Applicants who make the grade will emerge from the 14 weeks of training at the State Law Enforcement Academy in Austin as commissioned patrolmen."

Garrison said applicants who suc-

cessfully complete the examination will be trained with pay and, upon graduation from the Academy, will be assigned to one of the six regions in the state. They will receive an additional six months of on-the-job training under the supervision of experienced officers.

He pointed out that there are many personal benefits for state patrolmen, including job security, a good retirement system, annual vacations, sick leave and uniforms and all equipment furnished.

Qualifications call for a high school education or the equivalent, sound physical condition and height between five feet, eight inches, and six feet, four inches. Applications may be obtained from any DPS field office or by writing to the Personnel and Training Division of the department in Austin.

Mobeetie Farmer Hurt in Accident

Thurman Horn of Mobeetie was seriously injured in a freak gunshot-fire accident Wednesday on a farm near Mobeetie.

Mrs. Horn is the former Bobby Sue Gressett of Canyon. The Horns have a three-year-old daughter, Brinda.

Horn was injured when butane exploded and set fire to a tractor

he was refueling. A bullet from a .22 caliber rifle on the tractor seat struck him in the upper right chest and severed an artery. Heat apparently caused the rifle to discharge.

Horn also suffered burns about the face.

A worker in a nearby field, Jack Fitzgerald, rushed Horn to Hemphill Memorial Hospital, where he was given a blood transfusion. Attendants said Horn was "holding his own."

Students Ask for Latin, French

Patter

Roy Harris, judge; Kerry Knorpp, prosecuting attorney; and Wilma Burkett, clerk, were elected to the offices of the Traffic Court recently.

☆☆☆

In a recent survey, CHS students were asked what subjects they would like to have offered that were not scheduled for this school year. Most of the students expressed a desire for more foreign languages. Latin and French were the two mentioned. A number of those questioned stated that they missed The Eagle's Tale and felt that the school needed a journalism class. This subject was dropped this year. A few students would like to have library science included in the curriculum. Most of the group felt that the courses which were offered now were very good and that those suggested would be nice if we could have them.

A group of students also discussed the possibility of a counselor in the school system. This group felt that a counselor would be of great service to both junior high and high school students.

☆☆☆

The CHS Band and the junior high band entered the band contest held at the college last week. The high school band won a second division rating for concert playing and a third division in sight-reading. The junior high group made a third division rating in both contests.

☆☆☆

At the Texas Tech Regional Agriculture Judging Contest last week Henry Meyer was the highest individual in identification of crops with a perfect score. The team won ninth in Area I crop judging.

In the livestock judging the group won fourth. The Dairy Cattle team won tenth in Area I and qualified for the state contest May 2 at Texas A&M. Billy Martin, Jim Davis, Lloyd Triplett and Walton Bagley are members of the Dairy Cattle Judging team.

Jimmy McAnarney, Lonnie Martin, Dick Campsey and Frankie O'Donald are members of the Dairy Products judging team which won fifth in the entire contest and third in Area I. They will also go to the state meet. Frankie was the tenth highest individual in the entire contest.

☆☆☆

In an important election at CHS, Chuck Nester was elected president of the Student-Faculty Congress and Joe Triplett was elected vice-president. The student body is looking forward to their leadership next year.

☆☆☆

VFW Will Host District Session

Lucius Penick Post 5681 will host a District Encampment meeting for the Veterans of Foreign Wars May 23.

The two days of activities will include business meetings and a celebration dance for VFW members and the Ladies' Auxiliary. Meals for the visitors and members will be served at West Texas State College cafeteria.

The two-day encampment will climax a busy month of activities for the Canyon VFW post. At their first monthly meeting, new officers were installed.

Albert Devens of Tulia, District Commander of the VFW, was the installation officer. John Hardaway will be the club's commander for the coming year, replacing Cal Stephens, outgoing commander.

Other new officers included Glenn Gardner, senior vice commander; Marvin Brazzil, junior vice commander; Bob Smith, quartermaster; I. T. Weldon, one year trustee, and Roy Price, service officer.

Joe Batson, former commander of the club, read the minutes for the installation proceedings.

The club members also have conducted a big clean-up, fix-up campaign during the month. A new ceiling and tile floor have been added to the clubhouse northwest of town, and the walls have been painted. The Ladies Auxiliary is preparing new curtains. Fifty chairs and new furniture for the club's conference room have been purchased.

Ag Major Receives Nebraska Award

A fellowship to attend the University of Nebraska in September has been awarded to Jimmie Kuhlman, a senior agriculture major at West Texas State College. Son of Mr. and Mrs. Herman Kuhlman of Canyon, Kuhlman will work toward his M.S. degree while holding his research fellowship. He will study nutrition and do research on sorghum silage. A graduate of Canyon High School, Kuhlman is a member of

Alpha Chi, national honor society, and the Aggie Club.

Guests in the Arvin Triplett home were Mrs. Frank Erwin of Umparger on Tuesday, Mrs. D. C. Banks, Wednesday morning, Joe Triplett, Wednesday night, Mrs. Edith Howard, Friday evening, Dorothy Stewart and Pat, Saturday afternoon and Mrs. Dorothy Fletcher, Monday morning.

TRUTH WINS OUT

Money often wins the first battle, but it's honesty that wins in the long run.

Rodeo Schedules Four Go-Rounds

Four performances of a National Intercollegiate Rodeo Association rodeo will be given here at West Texas State College, with the first scheduled at 8 p.m. Thursday. Other shows will be given at 8 p.m. Friday and Saturday and again at 2 p.m. Saturday. Admission to each show will be \$1.00 for adults and 50 cents for children. The rodeo will be staged at the T-Anchor Rodeo arena north of the WT campus.

Six-man teams from eight area colleges are expected to participate in the events, with six men's events and two women's events scheduled each performance. There will be one "go-round" in riding events and two "go-rounds" in each tying event.

Expected are teams from Sul Ross, currently leading the region in team points, New Mexico State University, Lubbock Christian College, West Texas State, Hardin-Simmons University, Texas Tech, South Plains Junior College and San Angelo Junior College.

Events will include calf roping, bareback bronc riding, saddle bronc riding, bulldogging, ribbon roping, and bull riding, and two girls events in barrel racing and goat tying.

West Texas State's team placed fourth in last week's rodeo at Hardin-Simmons, and is now third or fourth in standings in the region. One member of the team, Joe Powers of Olney, is second in bull riding in standings, and WT's girl wrangler, Mike Reid of Tulia, is first in barrel racing.

While a team of six men will be chosen from eight to represent WT, others from the host college may enter events.

Expecting to participate from WT are Dick Doyle of Claude, Mac Kehoe of Texline, Rex Loftis of Springlake, Ross Caton of Amarillo, Buck McAdams of Paris, Joe Powers of Olney, Billy Settle of Meadow, and Jerry Keen of Stamford. Girls will include Miss Reid and Billie McClellan of Clarendon.

A parade has been scheduled Thursday afternoon at 4:30 in downtown Canyon. Anyone wishing to participate in the parade should meet at Hardaway's Trucking lot on north 15th. Horses are needed to fill the parade.

MYF Members Attend Retreat

Twelve members of the Methodist Youth Fellowship of the First Methodist Church attended a district retreat at the Ceta Canyon Methodist Camp over the weekend. Attending were Barbara Lindsey, Jan Blackaby, Jan Brotherton, Karen Brewster, Marie Dowlen, Nancy Cleavinger, Pat Haley, Elizabeth Coke, Virginia Crouse, Sondra Hines, J. W. Sims and Richie Brotherton, and their sponsor, Mrs. Kent Dunnam.

TSTA Final Meet Planned Thursday

Final meeting of the year for the Randall County Unit of the Texas State Teachers Association will be held Thursday at 3:45 p. m. The group will meet in the high school cafeteria. Highlighting the meeting will be an election of new officers and a report on the local unit's constitution. Refreshments will be served.

Drama Frat Plans Repertory Group

Extraordinary forms of drama will be presented here Thursday through Saturday nights at West Texas State College by a newly formed repertory company of members of Alpha Psi Omega, national dramatics fraternity.

The program in the Branding Iron Theatre will consist of one-act experimental plays, including such works as Oriental no-plays, fantasies, dance dramas, and realistic dramas.

The shows will start at 8:15 p. m. and admission will be 75 cents for adults and 50 cents for high school students and children.

"Our intention is to give the people of this area a number of drama types they don't ordinarily have a chance to see," said David O'Keefe of Amarillo, student coordinator of the project.

The company was formed last month and includes about 15 students. William A. Moore, director of the Branding Iron, is coordinator of the program. Members of the company will have opportunity to direct, act, and do technical work for the plays. During one evening of work, a student may be seen in as many as four roles.

Audiences at Thursday and Friday night's productions will vote, selecting their favorites to be presented Saturday night.

Proceeds will go to scholarship funds for high school students.

Iris was the Greek goddess of the rainbow.

Michigan leads the U. S. in industrial output and leads the world in automobile production.

Cook a Baked Pork Chop Dinner HUNT STYLE

4 pork chops (1½ lbs.) fat
½ cup finely diced celery
2 tbsp. brown sugar
juice of ½ lemon ½ tsp. salt
½ tsp. mustard ½ tsp. pepper
2 cans Hunt's Tomato Sauce
½ cup water

Brown chops in fat.
Place in shallow greased
baking dish. Sprinkle
with celery, brown sugar,
lemon juice and
seasonings. Pour Hunt's
Tomato Sauce and water
over chops. Cover and
bake in moderate oven
(350°F) 1¼ hours or
until chops are tender.
Makes 4 servings.

These main ingredients make a dinner fit for kings*!
